REVENUE DEPARTMENT.

Order, No. 278 April 1915.

ORDINANCE No. 11 of 1914.

*As Ordinance is printed for the better notice
of the Public.*

WHEREAS an emergency has arisen which makes
it necessary to provide for the better control of the
Press;

AND WHEREAS, in exercise of the power conferred
by section 12 of the Government of India Act, the
Governor General is empowered to make and promulgate
the following Ordinances:—

1. (1) This Ordinance may be called the Indian
Press Act and Press Ordinance, 1914.

(2) It extends to the whole of British India,
including of British India, the British
Fragrant and the Frigate of India.

2. In this Ordinance, unless there is anything
expressed to the contrary or
otherwise:—

(a) "book" includes every volume, part or
division of a volume, pamphlet and leaflet, in any
language, and every sheet of music, map, chart or
plan separately printed or lithographed;

(b) "document" includes also any printing,
drawing or photograph or other visible representation;

(c) "High Court" means the Highest Civil
Court of appeal for any local area except in the
case of the province of Coorg where it means the
High Court of Madras at Madras;

(d) "Magistrate" means a District Magistrate
or Chief Presidency Magistrate;

(e) "newspaper" means any periodical work
containing public news or comments on public news;
and

(f) "printing press" includes all engines,
machinery, types, stereographic stones, implements,
materials and other plant or materials used for the
purpose of printing.

3. (1) Every person keeping a printing press who
is liable to be seized is required to make a declaration
before a public officer under section 4 of the
regulations.
Provided that the declaration is made before the
Magistrate before whom the declaration is made
severally is made in writing on oath, and being
less than five hundred or more than two thousand

rupees, as the Magistrate may in such case think
fit to require, in money or the equivalent thereof in
possession of the Government of India.

Provided that the Magistrate may, if he thinks
fit, for special reasons to be recorded by him,
dispense with the deposit of any security.

(2) The Magistrate may, at any time, cause
an order depositing with security and require
security to be deposited, and he may, at any time,
vary any order fixing the amount of security under
this sub-section or under sub-section (1).

(3) Whenever it appears to the Local Govern-
ment that any printing press kept in any place
in the territories under its administration, in
respect of which a declaration was made prior
to the commencement of the Ordinance under
section 4 of the Press and Registration of Books
Act, 1912, is used for any of the purposes described
in section 4, sub-section (2), the Local Government
may, by notice in writing, require the keeper of
such press to deposit with the Magistrate within
whose jurisdiction the press is situated, security to
such an amount, not being less than five hundred or
more than five thousand rupees, as the Local Govern-
ment may think fit to require, in money or the
equivalent thereof in possession of the Government
of India.

4. (1) Whenever it appears to the Local Govern-
ment that any printing press in
possession of which any newspaper has
been deposited as required by
section 3 is used for the purpose
of printing or publishing any
newspaper, book or other document containing any
words, signs or visible representations which are
likely or may have a tendency, directly or indirectly,
whether by inference, suggestion, allusion, insinua-
tion, implication or otherwise:—

(a) to excite or incite, or to any offence under
the Explosive Substances Act, 1908, or to any act
of violence; or

(b) to excite any offence, whether, whether or
otherwise in the Army, Navy or Air Force of His
Majesty or any police officer from his allegiance or
loyalty; or

(c) to bring into hatred or contempt His
Majesty or the Government established by law in
British India or the administration of justice in
British India or any Indian Prince or Chief under
the suzerainty of His Majesty, or any other act
of violence of His Majesty's subjects in British India,
or to excite dissatisfaction towards His Majesty or
the Local Government or any such Prince or Chief; or

(d) to put any person in fear or to intimidate any
person in fear and thereby induce him to deliver to
any person any property or valuable security, or to
do any act which he is not legally bound to do, or to
omit to do any act which he is legally entitled to
do; or

(e) to interfere with the administration of the law or with the
maintenance of law and order, or to commit any
offence, or to influence or deter payment of any land-
revenue, tax, rate, cess or other dues or amount
payable to Government or to any local authority, or
any other of agricultural land or any other revenue
or interest of or along with such act, or

(f) to induce a public servant or a servant of a
local authority to do any act or to forbear or delay
to do any act according to the course of his
public functions, or to resign his office; or

(g) to induce a public servant or a servant of a
local authority to do any act or to forbear or delay
to do any act according to the course of his
public functions, or to resign his office; or

(h) to induce a public servant or a servant of a
local authority to do any act or to forbear or delay
to do any act according to the course of his
public functions, or to resign his office; or

(f) where any such property may be, or may be assumed to be, or

Defendant under article 5 of the Press and Propaganda of India Act, 1907, as publisher of such newspaper, is guilty of an offence under the said Act, inasmuch as the said newspaper, which is the same as mentioned in the said newspaper, shall deposit with the Registrar before whom the defendant is made security in cash amount, not being less than one thousand or more than ten thousand rupees, at the Registrar's shop \$1 to register, in respect of the newspaper, issued in accordance of the Government of India.

2b. 250.—In exercise of the powers conferred by section 5 (1) of the Indian Electricity Act, 1910 (as amended), the Governor in Council is pleased to accede to the grant of the license granted as an appendix to these proceedings to Messrs. Omeria Steel & Co., Ltd., Calcutta, for the supply of electric energy in the area specified in the license.

2. The license will be notified in the Fort St. George Gazette.

APPENDIX.

THE MADRASA ELECTRIC LICENSE, 1935.

License for the supply of electrical energy granted by the Government of Madras under the Indian Electricity Act, 1912.

License is hereby granted to Messrs. Omeria Steel & Co., Ltd., a company incorporated under the Indian Companies Act and having its registered office at 19, Old Court House Street, Calcutta, to supply electrical energy in the area, with the powers and upon the terms and conditions all specified below.

Short Title.—This license may be cited as "The Madras Electric License, 1935."

2. Interpretation.—This license is to be read and construed as subject in all respects to the provisions of the Indian Electricity Act, 1912, with the statutory modifications thereto and to the rules thereunder; and the several words, terms and expressions to which meanings are assigned by that Act or any statutory modification thereof or by the rules thereunder, or the General Clauses Act, 1897, shall have in this license and the schedule thereto the same respective meanings, provided that in this license—

(a) The expression "The Act" shall mean the Indian Electricity Act, 1912, with the statutory modifications thereof.

(b) The expression "Licensee" shall mean Messrs. Omeria Steel & Co., Ltd., and their permitted assigns.

(c) The expression "First consumer" "Second consumer" and "Third consumer" shall mean respectively the first, second and third consumers in the license respectively.

(d) The expression "Deposited map" shall mean the plan of the area, showing the streets or routes along which electric lines have been deposited to be laid off hereinafter specified, which has been deposited with the Government of Madras in pursuance of the rules under the Act, and which plan is signed for the purpose of certification by the Secretary to the Government of Madras in the Public Works Department and by the appropriate officer under the name and style of Messrs. Omeria Steel & Co., Ltd.

(e) The expression "Unit" shall mean the quantity of energy contained in a current of one thousand amperes flowing under an electromotive force of one volt during one hour.

(f) The expression "Load Factor" shall mean the ratio or percentage of the average quantity per hour to the maximum quantity per hour of energy supplied in any month.

3. Commencement of License.—The date of the notification by the Government of Madras in the Fort St. George Gazette, that this license has been granted in is the license referred to as "the commencement of this license."

4. Security.—(a) The period within which, under clause 1 (a) of the schedule to the Act, the licensee shall show that they have available capital of five lakhs of rupees is hereby fixed as a condition fully and efficiently to discharge the duties and obligations imposed upon them by this license throughout the area of supply, shall be non-refundable from the commencement of the license.

(b) The period within which, under clause 1 (f) of the schedule to the Act the licensee shall

deposit security, and the sum so to be deposited, shall within otherwise ordered by the Government of Madras, be six months and upon the license, respectively.

5. Area of supply.—The area within which the supply of energy is authorized by this license is that contained within a radius of five miles of St. Paul's Church, Madras.

6. Purpose of supply.—Subject to the provisions of this license and the Act and the rules thereunder, the licensee shall be entitled during the continuance of this license to supply energy within the area of supply for all purposes except in bulk to a distributing licensee.

Provided that the licensee shall not be under any obligation under section 12 of the Act to supply more energy than is consistent with their obligation to maintain a constant supply to consumers, the demand being based on the licensee's load factor.

Provided also that no supply of energy shall be authorized to be given by the licensee in any system or complete or partial system until the Government of Madras have approved the form of regulations to be made by such a system or complete or partial system of supply and also the form of rules, orders or agreement with the licensee to take a supply of energy, which is to be executed or entered into by such system or complete or partial system of supply. The Government of Madras have also approved the necessity of all miscellaneous charges incidental to or in connection with such supply and which the licensee proposes to make.

7. Species of supply.—The species of supply to be adopted for the supply and distribution of electric energy under this license are as follows:—

(1) (a) A medium pressure, alternating current three phase four wire system at a pressure at the consumer's terminals of 440 volts (approximately) between phases and 220 volts between phase and neutral which shall be carried at one point only on each separate distributing system as a frequency of fifty complete periods per second.

(b) A high pressure alternating current three phase distribution at a standard pressure approved by the Government and not exceeding 11,000 volts at a frequency of fifty complete periods per second.

(c) The several points of the high pressure system may, with the approval of the Government of Madras and the concurrence of the Telegraph authority and the South Indian Railway, be connected to earth.

Provided always that it shall be lawful for the Government of Madras from time to time to issue, with due regard to the system involved and to the effect upon the commercial progress of the undertaking, regulations dealing with the above systems of supply so to authorize other systems of supply to be adopted for the purpose of this license.

Provided also that the licensee may, from time to time with the previous consent in writing of the Government of Madras and subject to such conditions and modifications as shall be prescribed in writing by the Government, adopt any other system of supply for the purpose of this license.

(2) (a) The transmission lines, feeders, distributing mains and service lines may be overhead or underground or whole or in part, and shall be erected, maintained and maintained by the licensee in strict conformity with the Act and the rules thereunder.

Provided that nothing in this license shall authorize the licensee to use overhead electric lines at any higher pressure than medium pressure without the sanction in writing of the Government of Madras in each case and subject to any conditions or limitations which the Government of Madras may prescribe.

Provided also that in all streets and thoroughfares there shall be left in width for wheeled traffic, provided overhead wires from shall not be erected. Provided further that in narrow lanes through which wheeled traffic is not permitted the poles shall be placed at the reverse side of the lane and a special arrangement to be approved by the Electrical Engineer adopted to keep the conductors five feet clear horizontally of every building.

Provided further that in any street or its direct communication in which overhead electric lines are run, such lines shall be run throughout as one and only.

Provided also that in any other street which may at any time hereafter be opened in writing by the Government of Madras all overheads shall be underground.

(b) Where overhead lines are used, due provision shall be taken by the licensee to avoid any possible interference with the adjacent telegraph or telephone wires due to inductive effects. The power wires shall be suitably transposed where necessary.

(c) Where the transmission or electric supply line crosses or runs along the centre of a foot or such or similar highway pavement, the wire shall be laid underground, laid with light or lanterns or painted as will show of the free passage of those pavements.

(d) For the purpose of rule 21 of the Indian Electricity Rules, 1921, the maximum used pressure shall be taken as 55 K.V. per square inch.

3. *Conducting works.*—(a) The licensee shall lay down outside and sufficient distribution lines and mains and meet the governing station with all necessary and appropriate machinery for the purpose of getting a continuous and efficient supply of energy and shall do all other works necessary for the commencement of the supply and for the installation of the Government of Madras throughout such streets or parts of streets now terminated at the first structure and considered in rule 10 in the deposited map. In the case of difference between the licensee and the first structure and as indicated on the deposited map the latter shall prevail. The licensee shall commence to execute the works aforesaid within twelve months from the commencement of the license and shall complete the same within three years thereof.

(b) In addition to the streets mentioned in the first proviso the licensee shall lay down further distributing mains to an aggregate length of not more or may be directed by the Government of Madras within six months of the commencement of the supply.

(c) Further within twelve months of the receipt of the application and subject to the first proviso of clause VI (1) of the schedule to the Act, the licensee shall lay down outside and sufficient additional transmission lines, feeders and distributing mains, or may be required to effect a supply or any appliances, village or community within the area, having a demand of not less than 10,000 units per annum per mile of additional transmission or feeder line.

(d) If the licensee fails to comply with the above provisions, as directed in the schedule to the Government of Madras, the provisions made for any price of the next period of three years be unsatisfactory, the license may be terminated and the penalty provided in per clause 4 (1) shall be levied.

(e) The licensee shall submit reports every six months from the commencement of this license and the completion of the compulsory works specifying all the progress and the progress made in carrying out the Act.

(f) The licensee shall, subject to the first proviso to clause 2 of the license, supply all the energy demanded by the Madras Municipal Council.

4. *Supplying station.*—The governing station shall be within the area of supply and the licensee shall not, without the approval in writing of the Government of Madras, erect or maintain more than one generating station.

(a) Transmission lines from generating station.—The purpose of managing and transmitting energy the licensee may, after an order in writing has been made by the Government of Madras suffering upon their wish of the power referred to in section 21 of the Act as may be necessary and upon obtaining the general approval, required by section 18 of the Act, place such transmission lines from the generating station to one or more distributing stations to be constructed at suitable places within the area of supply. The alignment of the aerial transmission lines from the generating station and up to the one or more distributing stations shall be subject to the previous approval of the Government of Madras.

(b) Crossing up of streets, railways and crossing of waterways.—(i) The licensee are hereby specially authorized to open up and to break up the soil, subsoil and pavement way at the South Indian Railway at all the places where the permanent way crosses or runs along the public roads within the area of supply.

(ii) The length of the trenches to be opened on any street at any one time and the period for which they may remain open shall be determined from time to time by the Government of Madras or the local authority by whom it is directed to be made. When any street is opened not more than half the width of such street shall without the specific authority as aforesaid be closed for traffic.

5. *Losses of power to be charged in respect of the supply of energy.*—(a) The system to be charged by the licensee for energy supplied by them shall be on the basis of the schedule in the schedule to the license, or in the case of a method of charge approved by the Government of Madras in accordance with clause X of the schedule to the Act, such system as the Government of Madras may by an approving the method. Nevertheless the licensee may refer into special contracts subject to clauses 22 and 23 of the Act for the supplied energy.

(b) Should a supply of electrical energy in bulk become available at any future date from a Government power system at such rates that the rates of supply of distributed energy under the license could be appreciably reduced, the licensee shall obtain their supply from such system within six months from the date from which such is given by Government that such supply is available and such system is ready to take and is conditions of working in such regulations as may be issued by Government in regard distributing interest in the disposal of electrical energy obtained from Government power systems.

6. *Penalties of non-compliance.*—(a) The system of penalties given by section 7, sub-section (1), of the Act shall first be enforceable on the expiration of twenty years from the commencement of this license and on the expiration of every subsequent period of ten years during the continuance of this license. The portions of the rules to be determined in accordance with and for the purpose of sub-section (1) of section 7 of the Act of standards, buildings, works, materials and plants of the licensee therein mentioned to be added under the second proviso of the sub-section in such rules on account of compulsory provisions shall be twenty per centum.

(b) In accordance with section 8, sub-section (2), clause (a) of the Act, it is hereby specially

declared that the generating station within the area of supply belonging to the licensee and to be used in accordance with the undertaking, and the area or areas comprising and describing portions to be used in connection with the undertaking shall form part of the undertaking for the purpose of purchase under section 2 of the Act.

(5) During the period of notice prescribed in section 7 (4) of the Act, all extensions and transfers of money debentures in the capital account of the licensee shall be subject to the previous approval of the Government.

14. *Exemption from the schedule to the Act.*—In pursuance of section 3, sub-section (1), clause (7), of the Act, it is hereby expressly declared that clause (IX) of the Schedule to the Act shall be exempted from incorporation in the license.

15. *Assignment of license.*—The licensee may assign this license or transfer the whole of their undertaking or in respect of which this license is granted (including all lands, buildings, works, materials and plant of the licensee) to a company formed or to be formed and registered in British India or in England under the English Companies Act, having authority to take over the license and the said undertaking and the same may be, and to exercise the powers and perform the obligations given or to be imposed upon, the licensee under the Act, and on such assignment or transfer the rights, powers and covenants, obligations and liabilities of the licensee shall be assigned and transferred to, and shall be assumed by and shall attach to such company formed or to be formed as aforesaid.

Provided (1) that a complete statement of the terms of the proposed assignment is placed before the Government of Madras; and that in charge on account of provision in, in the case of an undertaking not carrying profits, or profits shall be included in the terms of assignment.

(2) That an agreement shall be made without the previous sanction, in writing of the Government of Madras.

16. If the licensee fails to comply with the provisions of any of the clauses herein, the license may be revoked.

License for the supply of energy under the Indian Electricity Act, 1910.

DRAFT.

Applicants—

The Municipality of Coopersburg constituted under the Madras District Municipalities Act V of 1920.

Address—

Chairman, Municipal Council, Coopersburg, The Coopersburg Municipal Electric License, 1914.

License for the Supply of Electrical Energy Granted by the Government of Madras Under the Indian Electricity Act, 1910.

License is hereby granted to the Municipal Council of Coopersburg to supply electrical energy in the area, with the power and upon the terms and conditions all specified below.

1. Short Title.—This license may be cited as "The Coopersburg Municipal Electric License 1914".

2. Interpretation.—This license is to be read and construed as subject to all reports in the provisions of the Indian Electricity Act, 1910, with the statutory modifications thereof and to the rules, bye-laws, and the several orders, terms and conditions to which meanings are assigned by that Act or any statutory modifications thereof or by the rules thereunder, or the General Clauses Act, 1897, shall have in this license and the schedule thereto the same respective meanings provided that in this license—

(1) The expression "The Act" shall mean the Indian Electricity Act, 1910, with the statutory modifications thereof.

(2) The expression "Licensee" shall mean and include the Municipal Council of Coopersburg and their permitted assignee.

(3) The expression "Fixed apparatus" "Bored apparatus" and "Rail apparatus" shall mean respectively the foot, cross and third arms of the trolley.

(4) The expression "Deposited map" shall mean the plan of the area showing the streets or routes along which electric lines have compulsorily to be laid all hereinafter specified, which plan has been deposited with the Government of Madras in pursuance of the rules made by the Act and is signed for the purposes of authentication by the Secretary to the Government of Madras in the Public Works and Labour Department and for the applicant by the Chairman, Municipal Council, Coopersburg.

(5) The expression "Load" shall mean the quantity of energy consumed in a circuit of one thousand ampere flowing under an electromotive force of one volt during one hour.

(6) The expression "Load Factor" shall mean the ratio or percentage of the average quantity per hour to the maximum quantity per hour of energy supplied in any month.

(7) The expression "Other Licensee" shall mean any person other than the said Municipal Council of Coopersburg and their permitted assignee who may become duly authorized by a license to supply energy to public.

3. Commencement of License.—The date of the commencement by the Government of Madras in the Port St. George Gazette, that this license has been granted is in this license referred to as "the commencement of the license".

4. Area of supply.—The area within which the supply of energy is authorized by this license is the whole of the area contained within a circle of ten miles radius from the junction of Rajawala and Madhavapala roads.

5. Purpose of License.—Subject to the provisions of this license and the Act and the rules thereunder, the Licensee shall be entitled during the continuance of this license to supply energy within the area of supply for all purposes except in bulk to a distributing network.

Provided that the Licensee shall not be under any obligation under section 77 of the Act to supply more energy than is consistent with their obligation to maintain a constant supply to consumers, due regard being had to the licensee's load factor.

Provided also that no supply of energy shall be commenced to be given by the Licensee to any other consumer of power previous until the Government of Madras have approved the form of regulation to be made by the Licensee at completion of such supply of energy and also the form of written contract or agreement with the Licensee to take a supply of energy, which is to be executed or agreed to by the consumer or consumers and until the Government of Madras have also approved the amount of all miscellaneous charges to be paid by the Licensee with such supply and which the Licensee propose to make, upon the commencement and also until the Licensee's works have been inspected by the Electrical Inspector to Government and passed by him in writing.

6. System of supply.—(1) The system of supply to be adopted for the supply and transmission of electric energy under this license are the following—

(a) A medium pressure, alternating current three phase line with supply cable pressure at the consumer's terminals of 480 volts (approximately) between phases and 320 volts between phase and neutral which shall be carried at one point only on each separate distributing system at a frequency of fifty complete periods per second.

(b) A high pressure alternating current three phase supply at a pressure not exceeding 6,600 volts between phases at a frequency of fifty complete periods per second.

(c) The neutral points of the high pressure system may, with the approval of the Government of Madras and the concurrence of the Tinsley authority and the South Indian Railway Company be connected to earth.

Provided always that it shall be lawful for the Government of Madras from time to time to issue, with due regard to the system involved and to the effect upon the commercial prospects of the undertaking, regulations dealing with the above systems of supply or to authorize subject to such limitations and conditions as shall be prescribed in writing by the Government whose system of supply to be adopted for the purpose of this license.

(2) (a) The feeders, distributing wires and service lines may be overhead or underground in whole or in part, and shall be erected, constructed and maintained by the Licensee in strict conformity with the Act and the rules thereunder.

Provided that nothing in this license shall authorize the licensee to use overhead mains in any higher pressure than medium pressure without the sanction in writing of the Government of Madras in such case and subject to any conditions or limitations which the Government of Madras may prescribe.

Provided also that all electric lines which cross the streets mentioned in clause (1) of the third schedule hereto or in any other streets which may at any time hereafter be added in writing by the Government of Madras shall be laid underground.

Provided further that in the streets mentioned in clause (2) of the third schedule hereto or in any other streets which may at any time hereafter be added in writing by the Government of Madras all electric lines shall be laid underground.

Provided that where the transmission or electric supply lines cross or run along the roof of taboos or such or similar religious possessions, the wires shall be laid underground or at such height or temporary support, as will allow of the free and safe passage of these possessions.

Provided also that in all streets and thorough fares less than that is not in width for wheeled traffic, poles for overhead electric lines shall not be erected.

Provided further that in narrow lanes through which wheeled traffic is not permitted the poles shall be placed on the extreme edge of the lane and a special contribution to be approved by the Electrical Inspectors charged to lay the conductors four feet three inches above the level of the roadway.

Provided further that in any street or in direct communication in which overhead electric lines are run, such lines shall run throughout on one side only.

(9) Where overhead lines carrying alternating currents are used, the provisions shall be taken by the licensee to avoid any possible interference with the adjacent telegraph or telephone wires due to induction effects. The power wires shall be suitably insulated where necessary.

(10) For the purpose of rule 41 of the Indian Electricity Rules, 1915, the licensee in whose possession shall be taken as 15 lb. per square foot.

1. **Compulsory works.**—(a) The licensee shall lay down suitable and sufficient mains and distributing mains and street for generating stations with all necessary and appropriate machinery for the purpose of giving a continuous and efficient supply of energy and shall do all other works necessary for the maintenance of the supply and to the satisfaction of the Government of Madras throughout such streets or parts of streets as are mentioned in the first schedule and as is indicated in and on the deposited map. In the case of difference between the description in the first schedule and as indicated on the deposited map, the latter shall prevail. The licensee shall continue to maintain the works shown on the map within twelve months from the commencement of the license and shall complete the same within three years thereof. The works referred shall be in general accordance with the licensee's latest No. 1, except with such modifications as may be approved otherwise in writing by Government.

(b) In addition to the streets mentioned in the first schedule the licensee shall lay down further distributing mains to an aggregate length of one mile as may be directed by the Government of Madras within six months of the commencement of the supply.

(c) Further within twelve months of the receipt of the application and subject to the first portion of clause VI (1) of the schedule to the Act, the licensee shall lay down suitable and sufficient additional transmission lines, mains and distributing mains, as may be required to admit a supply in every apartment, village or community within the area, having a demand of not less than 5,000 units per annum per mile of additional transmission or feeder line.

(4) If the licensee fails to comply with the above provisions or should, in the opinion of the Government of Madras, the progress made during any portion of the last period of three years be unsatisfactory, the license may be revoked.

(5) The licensee shall submit reports every six months from the commencement of this license with the completion of the necessary works specifying all steps taken and the progress made in carrying into effect the license.

2. **Generating stations.**—(a) There shall be only one generating station and it shall be within the area of supply.

(b) The licensee shall be at liberty to generate from one generating station within the area of supply energy to satisfy all or part of their requirements and lay the remainder in bulk or to generate no energy and to lay all the energy required for distribution and make from a hydro-electric project or other source having a generating station outside the area of license.

3. **Working up of streets, railways and crossing of waterways.**—(a) The licensee are hereby authorized to open and break up the soil and pavement of the streets and South Indian Railway so far only as concerns level crossings and railways running along the high way.

(b) The length of the trenches to be opened on any street at any one time and the period for which they may remain open shall be determined from time to time by the Government of Madras by which such streets are openable. When any street is crossed, not more than half the width of such street shall without the express authority in writing of the Government of Madras be allowed to stand for traffic.

(c) The licensee are further authorized to cross all rivers, streams and navigable channels within or contiguous to the area of supply in accordance with such conditions as the Government of Madras may impose.

10. **Limit of price to be charged in respect of the supply of energy.**—(a) The prices to be charged by the licensee for energy supplied by them shall not exceed those stated in that behalf in the second schedule, or in the case of a method of charges approved by the Government of Madras in accordance with clause X of the schedule to the Act, such method as the Government of Madras may fix as approving the method. Notwithstanding the licensee may enter into special contracts subject to sections 25 and 26 of the Act for the supply of energy.

(b) Should a supply of electrical energy be bulk become available at any future date from a Government power system or other source of supply of distributed energy under this license said bulk supply shall be referred, the licensee shall obtain their supply from such system, and in the case where the energy is obtained from a Government power system shall continue in such terms and in conditions of working in such regulations as may be imposed by Government to control distributing licensee in the disposal of electrical energy obtained from Government power system.

11. **Exemption from the schedule to the Act.**—In pursuance of section 12, clause (2) of the Act, it is hereby expressly declared that clause IX of the schedule to the Act shall be exempted from interpretation in the license.

12. **Revocation.**—If the licensee fails to comply with the provisions of any of the clauses thereof, the license may be revoked.

S. J. THEODORE,
Secretary.

THE GOVERNMENT SCHOOL OF COMMERCE, CALCUTTA.

Term: JULY TO DECEMBER AND JANUARY TO APRIL.

(Admission every July.)

The school reopens on the 1st July 1930 after the summer vacation.

Admission.—Admissions are generally open only to those who have at least been students of the Fifth Form for a full year in a recognized high school. This is generally the minimum general educational qualification necessary for admission into the school. A fair knowledge of English, at least such as that ordinarily possessed by a qualified Secondary School-Leaving Certificate-holder, is necessary to undergo the course with profit. The higher the general educational qualification, the greater, of course, will be the benefit derived from the training given in the school and the rapidly to realize that training to advantage.

School Fees.—Examine 5 a subject per term, except Typewriting, payable in three equal instalments in the months of July, August and September with in January, February and March. The fee for Typewriting is 2s 6 per term payable annually. The same rate of fee is charged for both the grades.

Subjects and Classes.—By the English Department instructions is given in the following six subjects, and students are prepared for the Government Technical Examinations in the Lower and Higher grades in each:—

- (1) Book keeping.
- (2) Theory and Practice of Commerce.
- (3) Bookkeeping with Economics.
- (4) Commercial Geography.
- (5) Shorthand (Pitman's System).
- (6) Typewriting.

Each of the grades is a subject generally takes a year.

Timetable.—The time table is so arranged as to enable a beginner to take up almost all the subjects taught in the school in one or the same year. Students of the Typewriting class are divided into batches, each batch putting on four's practice every school day. The class is held from 7-45 to 10-45 a.m. and from 2-30 to 5-30 p.m. The other classes are held from 7-45 to 9-15 a.m. and from 4-30 to 7-30 p.m.

Almost all the classes are held, both in the morning and evening hours to afford convenience specially to students of day schools and employees in office to join the school.

Examinations.—The Government Technical Examinations in all the subjects under 'Commerce' are held towards the end of April every year, and the school closes in early July. For the summer session and re-examination in July. The examinations in Shorthand and Typewriting are held in December also. The Shorthand Examinations are held about the third week of December, after which the Commerce session begins. Those that wish to begin the study of commercial subjects will, therefore, be admitted in July every year, and such students must join early, at least before the 15th of the month. Those that have passed the Lower Grade Examinations and those that have undergone a full year's course in any of the subjects and wish to continue their studies will also join early so that they may be prepared for the Higher Grade examinations of April 1931.

There will be special classes in Shorthand for the Lower and Higher grade examinations of December 1930.

There is no boarding house or hostel attached to the school at present, but if there is a sufficiently large number of students from the other districts or provinces, arrangements for their boarding and lodging will be made under the supervision of the school authorities.

NOTE.—It is specially pointed out that beginners as well as others will get themselves admitted at least before the 15th July 1930, or within date regular classes commenced to begin work.

Government Training School, Chittoor,
25th April 1930.

GOVERNMENT TRAINING SCHOOL FOR WOMEN, KARUR.

Applications are invited from candidates seeking admission into the Government Training School for Women, Karur, for training in the elementary higher grade in July 1930.

1. The period of training will be two years and the selected candidates will receive stipends to the extent of Rs. 15-0-0 per month.

2. In addition to the Principal stipend, candidates whose stipends are paid by local or municipal boards will be admitted and no Principal stipend will be granted to the women holding permanent appointments in local or municipal schools.

3. Those who hold a certificate of having passed the III form of a high school or a school leaving certificate of the old VII standard or new VIII standard of an elementary school will be admitted into the elementary higher grade.

4. Candidates who do not satisfy the condition of age-limit under rule 163 of the Madras Educational Code will not be selected. The age must not be less than 14 and must not exceed 25 or in the case of candidates who have been employed continuously as teachers in recognized schools for not less than three years, thirty-five years.

5. Applications in the prescribed form, which may be obtained from the District, countersigned by an inspecting officer or by the president of a local board or the chairman of a municipal council or the Principal or the manager of a recognized school, with a specimen of application after training, should reach this office on or before the 30th June 1930.

6. Every application thus received should contain clear and complete address of the candidates. Certificates of general educational and medical certificates, if any, should preferably be attached to every application. Applications without any specimen of recommendation or the required documents will be rejected.

7. A written examination in arithmetic, basic and general knowledge will be held on the 15th June 1930. All candidates applying for admission to the higher elementary grade are expected to sit for the examination. Candidates who secure a pass in that examination only will be selected. Every candidate thus selected will be on probation for fifty working days and two selection

after that period depends on the progress made by her. The journey to and from made by the candidate will be at her own expense.

8. Candidates selected shall on admission, enter into an agreement with Government binding themselves to complete the course of training if not deemed fit to be declared physically unfit by a registered medical practitioner, and to teach for a period of two years in an institution recognized under the Madras Educational Code.

9. Separate hostels for vegetarians and non-vegetarians are attached to the school and a Non-Brahmin Hindu cook is appointed for each section. Candidates, who are not permanent residents of Karur, have to reside in the hostels. The hostels in the school will be one of the conditions for admission to training. Each candidate should on admission pay a sum of Rs. 7 as hostel advance and this amount will be returned to the candidate when leaving the school.

OFFICIAL ADVERTISEMENTS.

TENDERS FOR THE KIRING OFF OF CALVES TO THE KING INSTITUTE, GUINDY, MADRAS.

Notices are hereby given that sealed tenders will be received up to 2 p.m. precisely on Monday, the 26th June 1936, by the Director, King Institute of Preventive Medicine, Guindy, at his office for the supply of the carcasses of the carcasses of calves as per the schedule hereto. One or more tenders will be selected and required to supply about 100 calves

each month. Tenders will be held to the value they themselves tender irrespective of the rate in any other tender accepted.

The calves supplied should answer the description noted in the schedule hereto and should be brought, if purchased in the market by purchaser from view for what the South Indian Railway and Madras and Southern Mahratta Railway Companies here, at present, agreed to charge a special rate of 8 annas per wagon of not exceeding 40 calves per mile, at owner's risk, with one attendant free of charge. The Institute cannot hold itself responsible for supplying any calves if the above rates are charged during the year of tendering but will supply at necessary help in corresponding with the railway authorities to keep up the agreed rates. Each tender of calves supplied should be supported by a receipt from the Railway authorities that the calves were brought by the passenger train. The following tenders may quote their terms as the above notwithstanding.

1. Tenders will be opened precisely at 2 p.m. on the 26th June 1936 by the Director, King Institute, at his office at Guindy, in the presence of three members who may choose to attend.

2. (a) Tenders should be accompanied by "Tenders for the kiring of calves". Each tender must contain not only the rate of hire, but also the total hire value of the supply. The rates quoted should also be expressed in words.

(b) Cheques, if any, in the tender must be included by the tenders, failing which the tenders will be rejected.

3. Each tender must be accompanied by a deposit in currency notes only as earnest money of the amount noted in the schedule. This deposit will be returned to successful tenders immediately on application or otherwise within one month and to the successful tenders as soon as they have satisfactorily executed their contract work.

4. No person making a tender shall be allowed to withdraw it within 10 days from the date thereof and in the event of his so doing, his earnest money deposit shall be forfeited to Government.

5. The earnest money deposit of successful tenders will be liable to forfeiture if they fail to execute the work within the time specified, the sum of stamp being liable by the contractor's stamping. They should also furnish security in cash or Government promissory notes to the extent mentioned in the schedule within one week from the date of acceptance of the tenders being made known to them.

6. The supplies should begin from 1st July 1936 and be made for one year from that date.

7. No advance of cash will be made to the contractors. Payment of hire in respect of the accepted calves will be made as soon after their acceptance as possible. The total of contractors' bills should be rendered off in the manner stated (i.e. fractions of less than half are disregarded and half a rupee and over are taken as a rupee) in the case of bills amounting to Rs. 25 and upwards. In the case of bills for less than Rs. 25 the totals should be rendered in the nearest paise (pennies below six paise are disregarded and six paise and over are taken as one anna).

8. It shall be agreed with the Director of the King Institute to select for a larger or smaller number of calves than those mentioned in the schedule and to extend the period as and whenever necessary during the period of contract.

9. The contract must not be sublet.

11. The Director reserves to himself the right of rejecting any tender without assigning any reason for so doing.

12. In case the contractor, after taking the contract, be not willing to supply as per their agreement, they shall give at least one month's notice and shall forfeit the security to Government. In case of failure to supply within the dates required by the Director, the contractor shall be fined an amount fixed by the Director, which will be deducted from the money due or the security. The contractor will also be bound to make good to Government any loss which may arise from their withdrawal or failure. In the event of the Director having to purchase at a loss or at the prices specified in the contract being at higher rates than those estimated for, the excess price shall be deducted from the other moneys due to contractors or the amount of security, without the amount being credited by Government.

13. No moneys shall be supplied to the Institute except on the authority of the Director or some responsible officer authorized by him in this behalf.

14. The moneys hereon set will be released after the various specimens thereof have been sorted out and when no longer required. In the event of any mortality occurring among the accepted moneys during the period of detention at the Institute, the Institute will indemnify the contractor at the rate of Rs. 2 per mil.

15. The respective contractors shall receive the same moneys within 24 hours after they are released. Moneys not so received will be deposited at by private sale or otherwise and the amount thus realized, less departmental expenses incurred will be paid to the owners. The contractors must claim this amount as a matter of right.

16. Government reserves the power of inspection and the acceptance of any tender by the Director of the Institute or the Surgeon-General in provincial and subject to consultation by Government at any time within three months of the acceptance by the above officers without reasons being given.

Typed forms of tenders may be had on application to the Manager at the office of the King Institute, Gaidy.

REMARKS.

Dimensions of moneys—Government moneys to be one or two years old. Must not have been used previously for the same purpose. Must be in good general condition and free from almost certain or temporary, e.g., smudges or water marks, or of the size, feel and kind of moneys, Government, etc. Must not have any metal impurities, or of the second quality. ROAD TOLLS

SALE OF KANUNAKKUNTO TOLL-GATE ON THE PILLAKKUN - KALLIVU - KANUNAKKUNTO ROAD, MADRAS DISTRICT.

Notice is hereby given that the right of tolling on the above toll-gate during the ten months beginning from 1st June 1935 and ending with 31st March 1936 will be sold by public auction on Thursday, the 10th May 1935, at Madurai by the Sub-division Officer, Public Works Department, Madras.

CONDITIONS OF AUCTION SALE.

1. Intending bidders must attend either in person or by duly accredited agents and no person will be permitted to bid unless he has on his behalf an amount of deposit of Rs. 100. The deposit of Rs. 100 will be returned to those at the close of the sale.

2. The officer conducting the sale may at his discretion refuse to accept the bid of any person on the ground that he is incompetent or for any other valid reason. He may also refuse any bid which he may consider to be purely speculative after consulting his revenue for doing so.

3. The sale will be knocked down to the highest bidder. But the sale will be subject to confirmation by the Superintending Engineer, Coimbatore Circle, who may accept or reject any bid at his discretion.

4. In case of dispute during the time of sale the officer's decision shall be final. If, for any reason, the highest bid is rejected the next highest shall be taken or the sale will be at his discretion.

5. The successful bidder must, on the result of the sale being declared by the officer conducting the sale, deposit in cash or Government promissory notes to the Revenue Engineer, West Coast Division, a further sum which includes of the amount of Rs. 100 deposited prior to the sale will make up one-tenth of the total amount of his bid. Should he fail to do so the deposit made by him under clause 2 will be forfeited and the sale will be put up for sale again immediately by the selling officer or the above conditions or otherwise disposed of by the Revenue Engineer and the forfeited will be returned from bidding again for the sale.

6. The person to whom the sale has been knocked down and who has made deposit, as provided in clauses 5 and 6, shall also deposit within a week with the Revenue Engineer, West Coast Division, a further sum which includes of the amount of Rs. 100 deposited prior to the sale will make up one-tenth of the total amount of his bid. Should he fail to do so the deposit made by him under clause 2 will be forfeited and the sale will be put up for sale again immediately by the selling officer or the above conditions or otherwise disposed of by the Revenue Engineer and the forfeited will be returned from bidding again for the sale.

8. If at any time subsequent to the sale the purchaser shall be found to be in default of delivery, he may be required either to deposit one-fourth of the loan amount in addition to the sum prescribed in clause 7, or to get a security or securities to enable a security bond for the due payment of all amounts that may become due by him under the terms of the contract. The bond shall be accepted and registered at the expense of the purchaser.

9. On the failure of the applicant holder to make deposit under clause 7 or agree to comply with the regulations under clause 8, or agree to accept and register the necessary agreement by the stipulated time, the deposits already made may be forfeited and the firm forfeit or otherwise disposed of under the orders of the Executive Engineer and the purchaser shall have no right to collect any toll from the date of the Executive Engineer's order.

10. Should the holder under clause 7 will be at the risk of the defaulter holder who will forfeit all gains, and in the event of a loss will be required to make good the deficiency between the total amount payable by the whole period under the terms of the original sale and the total amount payable by the successful bidder at the time. In the latter case the forfeited deposit will be deducted from the loss arising from the result, and the remainder, if any, will be recovered from the defaulter. Should the defaulter deposit be greater than the loss by the result, the whole of such deposit will be credited to the Public Works Department. The defaulter bidder will similarly be liable if the principle is disposed of otherwise than by result and such deposit results in loss to the Public Works Department as compared with the original sale.

11. The deposits referred to in clause 7 or 8, as the case may be, will be held as security for the due performance of the conditions of the loan and so much deposited as is equal to one-fourth of the loan amount will be credited towards the first instalment of the loan, i.e., the tenth instalment and the balance refunded to the holder at the expiry of the loan period after deducting that all the conditions of the loan have been fulfilled.

12. The loan shall keep the toll-shed, gate and the other board attached to it, if belonging to Government in proper repair at his expense and hand them over in good order to his successor. If the loanee fails after notice to complete the necessary repairs or ordered, the work shall be done by the department. A sum of Rs 50 shall be deposited by the loanee for each toll for the due fulfilment of the condition. It will be returned to him on the expiry of his loan after deducting expenses, if any, incurred by the department.

13. As soon as the agreement has been executed and delivered with reference to clause 7, the Executive Engineer will authorize the purchaser to collect toll at the gate permitted by him for the above period subject to the following conditions:—

CONDITIONS OF TOLL.

1. The amount for which the loan at the toll-gate has been purchased shall be paid in ten equal monthly instalments on or before the 15th of each month beginning with 15th June 1930 to the supervisor in whose notice the toll has. If the instalment is not paid on or before the 15th of each month or on the next office day of the 15th, toll on a Sunday or an authorized holiday, a fine of Rs. 2 per day shall be paid by the loanee after the due date (as specified above) during the first week and a fine of Rs. 2 per day for the succeeding days 15, onwards. If the amount together with the fine is not paid even by the end of second week after due date, either (a) the deposit made by him may be forfeited and the loan made or otherwise disposed of or (b) the Executive Engineer may fix the loan amount and re-arrangeing Rs. 100.

2. The tolls of the toll-gate is subject to all risks and any compensation or remission or abatement of the toll shall be payable to any amount whatsoever.

The Standard Barometer and Thermometer are read at 9 a.m., 12 a.m., 4 p.m. and 8 p.m. and the daily means are obtained by the application of twenty corrections, deduced from twenty years' observations. The centre of the barometer is twenty-two feet above the level of the sea, and the receiver of the rain-gauge is one foot from the ground. The wind, rain and general weather registered are for the exact civil day—from midnight to midnight.

The total quantity of rain collected since 1st January is 279 inches, the average due for the same period being 260 inches.
